Hi 👋 My name is

Konrad Dziejarski
Product Design Leader

With over **10 years in product design**, I blend strong **UX expertise** with **technical fluency** to collaborate smoothly with developers. As a **design leader**, I create space for creativity while keeping teams aligned with a **clear, cohesive vision.**

Education

2015-2018

Management and production engineering (digital economy)

#Marketing #Usability
#Research&Development
#SQL

WARSAW UNIVERSITY OF TECHNOLOGY

2011-2015

Management and production engineering (computer science)

#UI #UX #Programming
#ComputerGraphics
#Management #Quality

WARSAW UNIVERSITY OF TECHNOLOGY

My toolkit

I work fluently in **Figma,** making the most of auto-layouts and components to keep design scalable and consistent. I combine this with **AI tools** to speed up ideation, explore variations, and validate ideas faster. My knowledge of **HTML and CSS** helps me communicate smoothly with developers, while tools like **Jira and Notion** keep projects organized and teams aligned.
